

FAA STUDENT PROGRAMS

MINORITY SERVING INSTITUTIONS (MSI) INTERN PROGRAM

The MSI Internship Program is open to all eligible undergraduates and graduate college students attending an accredited college or university. Through this program, you will be able to capitalize on your academic studies through meaningful work experience and developmental activities. The result is enhanced professional knowledge, expertise and practical experience to help chart your career path with FAA.

The MSI internship program includes students from a variety of educational backgrounds in academic fields such as Air Traffic Control, Aviation Management, Business Administration, Computer Science, Economics, Engineering and Information Technology, and others.

REQUIREMENTS

- U.S. Citizenship
- Enrolled in an undergraduate or graduate degree program at an accredited institution
- Be in good academic standing
- Completed one year of college credits

PROGRAM STRUCTURE

- One year program beginning every June, with option to extend

- Flexible work schedules and hours
- Structured 10-week summer session with cohort projects
- Engagement activities year-round

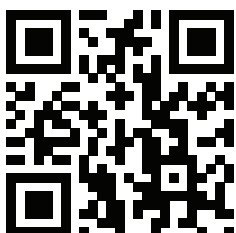

APPLICATION

The application will be open once a year in January. Students will apply via USAJobs.gov based upon their area of study: Aviation/STEM or Business/Social Science.

COMPENSATION & BENEFITS

Student interns will be paid as federal employees. Through this program, students will gain expertise and practical experience to chart their own career paths and make informed career choices. Students may earn academic credit for their internship.

GATEWAYS PROGRAM

The Gateways Program consists of three separate components:

- **Internship Program**
- **Recent Graduates Program**
- **Presidential Management Fellows Program**

INTERNSHIP PROGRAM

The Internship Program is for current students who have been accepted for enrollment or are enrolled and seeking a degree in a qualifying educational institution, on a full- or half-time basis. The Internship Program provides students in colleges, trade schools and other qualifying educational institutions with paid opportunities to work in agencies and explore federal careers while completing their education.

RECENT GRADUATES PROGRAM

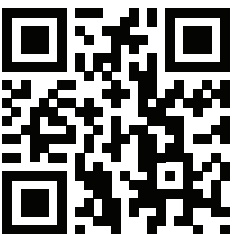

The Recent Graduates Program provides developmental experiences in the federal government. It is intended to promote possible careers in the civil service to individuals who, within the previous two

years, graduated from qualifying educational institutions with an associate's, bachelor's, master's, professional, doctorate, vocational or technical degree or certificate from qualifying educational institutions. To be eligible, applicants must apply within two years of degree or certificate completion except for veterans precluded from doing so due to their military service obligation, who will have up to six years after degree or certificate completion to apply.

PRESIDENTIAL MANAGEMENT FELLOWS (PMF PROGRAM)

The PMF Program provides leadership development for advanced degree (e.g., master's or professional degree) candidates. Executive Order 13562 expands the eligibility window for applicants, making it more "student friendly" by aligning it with academic calendars and allowing those who have received a qualifying advanced degree within the preceding two years to participate. It also directs the U.S. Office of Personnel Management to set eligibility requirements and minimum qualification standards, and to make the PMF experience more robust and substantive for participants.
